

FORT KNOX

Affordable,
Durable
& Attractive!

NEW ALUMINIUM RANGE

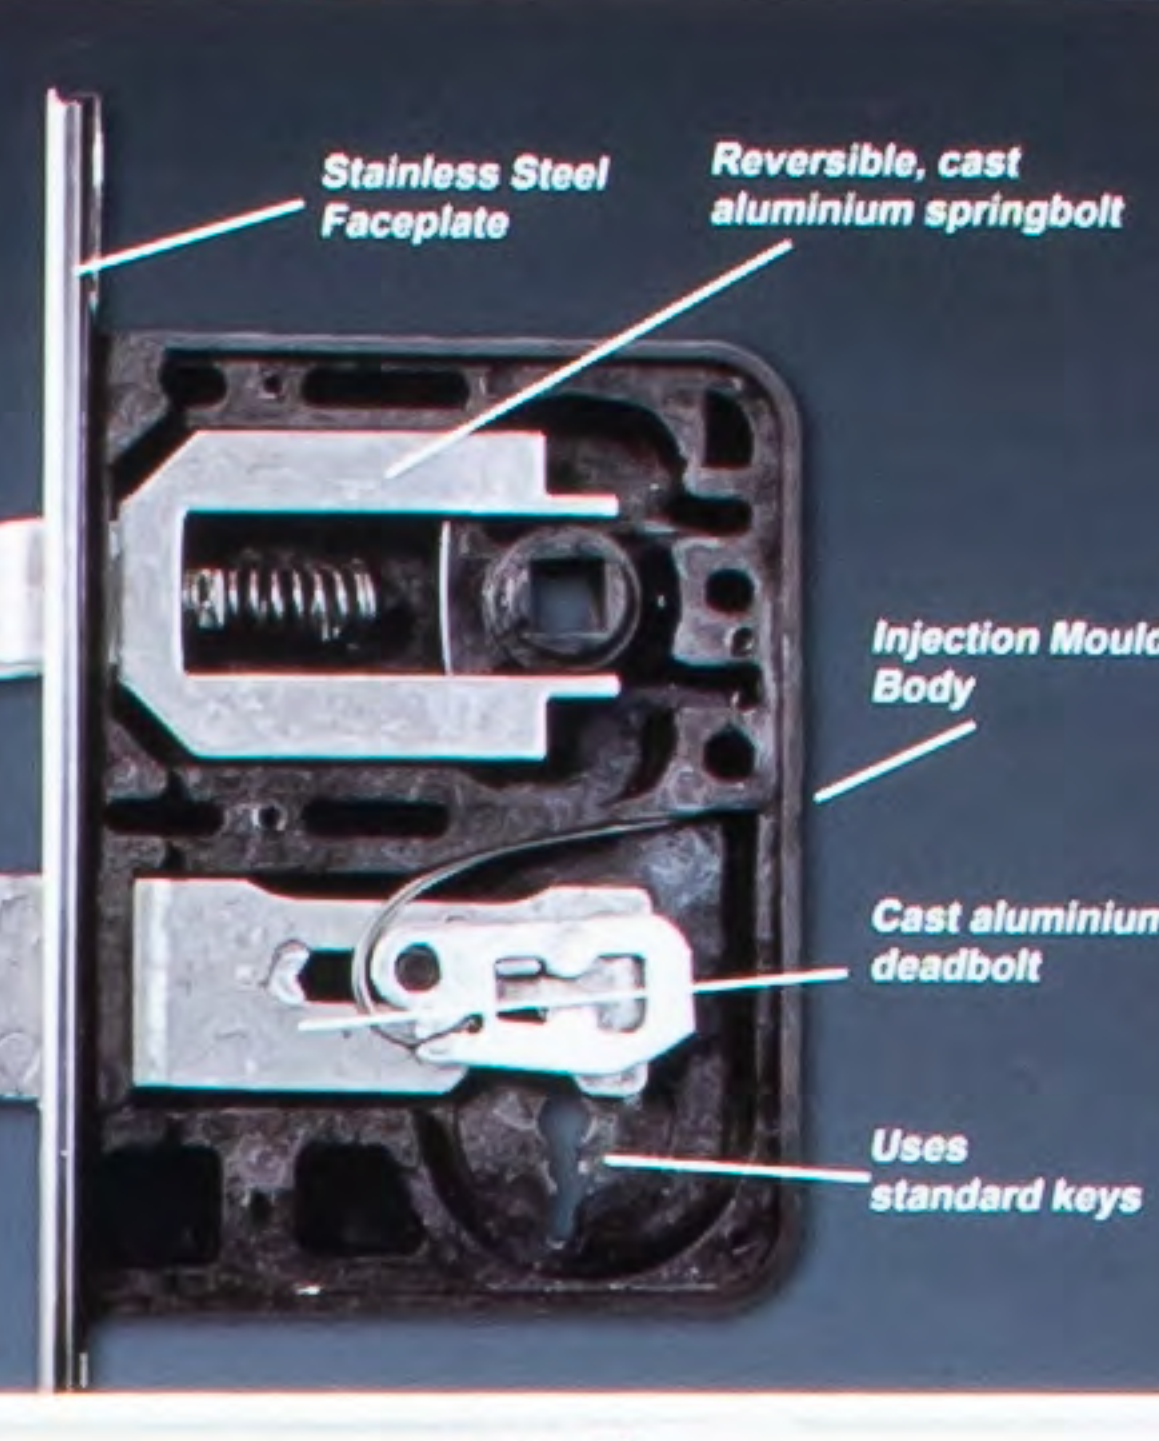

Rust Resistant!

2 - Lever Locks
Ideal for indoor and outdoor use where privacy is the primary concern, such as bathrooms, bedrooms etc.
Keys are readily available and easy to copy in the event of loss.

3 - Lever Locks
Used indoor and outdoor where security is moderately important. 3 Lever locks offer greater resistance to picking than 2 lever locks.
It is advisable to use a keyhole blocker for extra security if needed.

Euro Profile Mortise Locks
Euro Profile locks offer greater resistance to picking than 2 or 3 lever locks.
These locks use a separate

ALUMINIUM FIBER TECH MORTISE LOCK

Rust-resistant
This lock is designed to be rust free. This makes it the perfect solution for areas where rust is a problem such as coastal areas or any other place where moisture is likely to cause problems, the bathroom, kitchen and bedrooms.
